**Course Description:**

- Will introduce the student to the language of medicine and an understanding of how complex medical terms are formed. Will build and develop a student's medical vocabulary so they are better able to communicate with healthcare professionals.
- Not a certification course.

**Prerequisites:**

- None

**Pertinent Information:**

- There is a lot of information that is covered at a very fast pace. Students must be prepared to study outside of class to ensure their success.
- Flash cards, transparencies, and word games will be utilized to assist the student's recall and learning process.
- Students receive a set of 128 flash cards and a student practice disk with the purchase of their book.
- This course is an excellent preparation course for pre-med students, medical secretaries, medical transcriptionists, etc.
- Satisfies the Medical Terminology prerequisite for the Practical Nursing and Radiologic Technologist programs at Meridian Technology Center.
- Satisfies the Medical Terminology prerequisite for the Practical Nursing and Radiologic Technology programs at Meridian Technology Center.
