RED

BLENDED LEARNING

Follow Orange 2 guidelines. Meridian will continue to consult with local health authorities to determine if additional steps need to be taken.

This graphic applies to full-time career training programs. For weekly updates visit meridiantech.edu/guidelines. Meridian has 10 partner schools whose students attend classes on our campus. Those schools cover five counties. The status of those counties will also be considered and may factor into our decision-making as we work to keep the risk of the transmission of COVID-19 as low as possible.
