

Cosmetologist — Evening

There's more to this profession than cut and color. The adult-only Cosmetologist — Evening program explores the science behind bringing out beauty! You'll begin with time in the classroom gaining foundational skills for hair, skin and nail services. Before you know it, you'll be behind the chair gaining hands-on experience in Meridian's full-service salon and spa that is open to the public.

This program prepares graduates to enter the workforce as hairstylists, color specialists, manicurists, and makeup artists, just to name a few. In addition to classroom activities, students may have an opportunity to participate in community service projects that are related to their profession, learn from professional product educators and tour local salons. Upon completion of the program, students are prepared to take the Oklahoma State Board of Cosmetology licensing exam.

The daytime Cosmetology program is for high school students only. Adult students attend in the evening. The year-round program takes approximately 18 months to complete.
