

Medical insurance coding is a great way to be in the medical field without direct patient care. This program will give you the skills you need to assist doctors in treating their patients in the most efficient manner possible. If you are detail oriented, your ability to maintain patients' records using electronic scheduling and billing will be an asset to both the patient and the physician. In addition to learning International Classification of Diseases (ICD) and Current Procedural Terminology (CPT) coding principles, in this program you'll also learn medical office procedures and medical insurance claim processing. Medical terminology and administrative routines and procedures specific to a medical office are covered, so there's no need to have a background in the medical field.

### How You'll Learn Hands-On

Get out of the classroom and into the real world with projects such as:

- Aligning physician notes with applicable ICD 10 codes
- Completing medical billing paperwork for mock patients

### Where it Can Take You

Use the skills you'll learn in this program to find a career you'll love. Possibilities include:

- Medical Billing
- Outpatient Coder
- ED Charge Analyst
- Home Health Records Coordinator

## Career Readiness Certificate

[WorkKeys®](#), an assessment tool from the ACT® organization, measures skills employers have identified as critical to job success in their industry and are used in hiring and promoting employees. Students are able to earn the ACT®-issued [National Career Readiness Certificate](#) by meeting the score requirements for their job field on three WorkKeys® assessments.

Matching the right employees with the right job creates employee job satisfaction, increased self-confidence and the best wages possible for the employee. The employer benefits with reduced turnover and training, increased productivity and overall company success. To learn about the WorkKeys® scores needed for your future career field visit [Job Profiles](#).

The required WorkKeys scores for this career major are:

Applied Math - 3

Workplace Documents - 4

Graphic Literacy - 4

## Graduation Requirements

In order to be successful in a career, students will need to meet all technical and academic standards related to their career of choice at Meridian. Meridian offers rigorous programs of study designed in cooperation with business and industry to ensure students are fully prepared for the demands of the workplace.

### Meridian's Career Ready Credential

When a student completes all standards as set forth in their program of study, they will be considered a graduate of Meridian and receive the Career Ready Credential. Students who do not meet these standards will not be considered graduates of Meridian. Students should have:

- Completed all courses in a career major with a grade of “C” or above and achieved required industry-based certifications for the career major
- Achieved WorkKeys® scores at or above the level required for the career major or earned an ACT® composite score of 19 or greater (Students may substitute equivalent scores on SAT, ACCUPLACER or other approved assessments.)

## Additional Endorsements

Students earning a Career Ready Credential may also earn the Postsecondary Ready Endorsement, Citizenship Ready Endorsement and the National Career Readiness Certificate (CRC).

### Postsecondary Ready Endorsement

- Earned, or was on track to earn, a high school diploma or GED at the time of Meridian graduation
- Achieved a subscore of 19 or greater on the ACT® in math, English, reading and science (Students may substitute equivalent scores on SAT, ACCUPLACER or other approved assessments.)

### Citizenship Ready Endorsement

- Completed employment profile, résumé, job application, cover letter, mock interview and job search training through [OKJobMatch.com](http://OKJobMatch.com)
